

Traumeel®

Frequently Asked Questions

How effective are homeopathic treatments like Traumeel®?

Backed by 30 years of worldwide use, **Traumeel®** has proven effective in many clinical studies. Various cellular and biochemical pathways appear to be modulated by **Traumeel's** ingredients-natural ingredients commonly used to alleviate symptoms associated with inflammatory conditions.

How long will it take until I see improvement?

Symptomatic relief may be immediate; therapeutic improvement typically occurs within 1 to 7 days. The rate depends on a number of factors including the type and amount of dosage, the condition it is treating, and your age and overall health.

How often can I use Traumeel®?

Traumeel® is safe to administer as necessary. We recommend you follow the suggested dosage instructed on the packaging or ask your health practitioner. Please note, the liquid oral drops do contain alcohol. See a physician before administering to children or pregnant/nursing mothers.

Can I take other medications while using Traumeel®?

Yes. There are no known instances of drug interaction.

Traumeel®

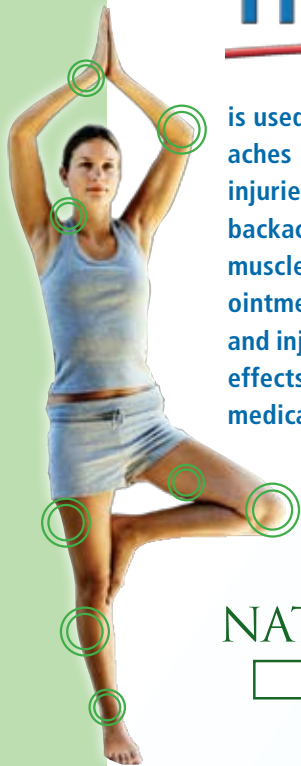

Proven Safe & Effective for:

- ➔ **Muscular Pain**
- ➔ **Joint Pain**
- ➔ **Sports Injuries**
- ➔ **Bruises**

-Heel 
Healthcare designed by nature

Traumeel®

is used for the temporary relief of minor aches and pains associated with sports injuries, repetitive use injuries, sprains, backaches, muscle aches, bruises and muscle inflammation. It is available in ointment, gel, tablets, liquid, oral vials, and injection solution (Rx). With rare side effects, Traumeel® is a safe, versatile medication for all ages.

THE NATURAL SCIENCE OF PAIN RELIEF

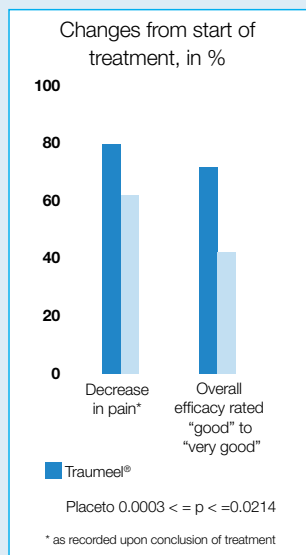

Product benefits:

- ➔ Over 60 years of worldwide therapeutic use
- ➔ Safe and effective for the whole family
- ➔ Rare side effects
- ➔ Safe alternative to conventional anti-inflammatories
- ➔ Over two-dozen scientific studies conducted on Traumeel®

Clinical Study

In a controlled double-blind study¹, **Traumeel®** was tested for efficacy in the treatment of sports injuries. **Traumeel®** revealed considerable and significant clinical differences in reducing pain from that of a placebo and on average patients using **Traumeel®** were able to resume athletic training sooner. Physicians evaluated the tolerance of **Traumeel®** as good to very good with no undesired side effects.

About Traumeel®

Physicians have been recommending **Traumeel®** for over 60 years as a safe, effective and prescription-free alternative to NSAIDs (non-steroidal anti-inflammatory drugs). **Traumeel®** consists of a combination of 12 botanical substances and 2 mineral substances as active ingredients. Backed by over two-dozen scientific and clinical studies, **Traumeel®** has become—to millions of people worldwide—a trusted therapy for musculoskeletal aches and pains and an essential addition to at-home healthcare. Although **Traumeel®** is a combination of various plant and mineral ingredients, the ultimate therapeutic result is enhanced due to the synergistic effect between the individual constituents, allowing for results that cannot be achieved with the application of Arnica alone. This translates into a quick recovery of the damaged tissue so that you can resume your normal activities as soon as possible.
